

In Federal Custody
4-28-75

Mr. James Browning
U.S. Attorney
Federal Building
San Francisco, Ca.

Dear Mr Browning--

This letter is:

1. A formal complaint of criminal activities committed by Michael Kennedy and Joseph Rhine, both San Francisco lawyers, and
2. A request that your office investigate and seek indictments against these two persons.

I believe that my own testimony, the testimony of several other witnesses ~~to the alleged crimes of Kennedy and Rhine~~ and considerable evidence now in the custody of the F.B.I. will validate my complaint.

I have not consulted an attorney on these matters. My ~~language~~ language is therefore descriptive rather than formally legal. With this qualification in mind, I suggest that Michael Kennedy and Joseph Rhine committed criminal fraud, criminal violation of the attorney-client relationship, that they conspired with known criminals to involve me in illegal acts. It is possible that interviews between me and a U.S. attorney will specify other criminal acts.

I have evidence of criminal negligence and criminally malicious acts by other individuals which I should like to discuss with your deputized investigators.

Although I am not now represented by counsel you should be advised that in the future I do intend to file civil suits for damages against Mr Kennedy, Mr. Rhine and others who have violated my civil rights.

I should also inform you that I have, today, written to the California Bar Association asking them to investigate the illegal and unethical behavior of these lawyers--~~and asking~~ to see if grounds exist for disbarment.

Sincerely yours,

Timothy Leary
